# FORWARD LOOKING STATEMENTS

This document and the material contained herein are confidential and are not to be disclosed to the public. This is for information purposes only and may not be reproduced or distributed to any other person or published, in whole or part, for any purpose whatsoever. Certain information contained herein and certain oral statements made are forward-looking and relate to Psyched Wellness Ltd.'s ("**Psyched**") business strategy, product development, timing of product development, events and courses of action. Statements which are not purely historical are forward-looking statements and include any statements regarding beliefs, plans, outlook, expectations or intentions regarding the future including words or phrases such as anticipate, objective, may, will, might, should, could, can, intend, expect, believe, estimate, predict, potential, plan, is designed to or similar expressions that suggest future outcomes or the negative thereof or similar variations. Forward-looking statements may include, among other things, statements about: our expectations regarding our expenses, sales and operations; our future customer concentration; our anticipated cash needs and our estimates regarding our capital requirements and our need for additional financing; our ability to anticipate the future needs of our customers; our plans for future products and enhancements of existing products; our future growth strategy and growth rate; our future intellectual property, research and development, product formulations and business lines; and our anticipated trends and challenges in the markets in which we operate. Such statements and information are based on numerous assumptions regarding present and future business strategies and the environment in which the Company will operate in the future, including the demand for our products, anticipated costs, and ability to achieve goals. Although we believe that the assumptions underlying these statements are reasonable, they may prove to be incorrect. Given these risks, uncertainties, and assumptions, you should not place undue reliance on these forward-looking statements. Forward-looking statements are subject to known and unknown risks, uncertainties and other important factors that may cause the actual results to be materially different from those expressed or implied by such forward-looking statements, including but not limited to, business, economic and capital market conditions; the ability to manage our operating expenses, which may adversely affect our financial condition; our ability to remain competitive as other better financed competitors develop and release competitive products; regulatory uncertainties; market conditions and the demand and pricing for our products; security threats, including a loss/theft of proprietary technology; our relationships with regulatory bodies, our customers, distributors and business partners; our ability to successfully define, design and release new products in a timely manner that meet our customers needs; our ability to attract, retain and motivate qualified personnel; competition in our industry; our ability to maintain technological leadership; the impact of technology changes on our products and industry; our failure to develop new and innovative products; our ability to successfully maintain and enforce our intellectual property rights and defend third-party claims of infringement of their intellectual property rights; the impact of intellectual property litigation that could materially and adversely affect our business; our ability to manage working capital; and our dependence on key personnel. The Company is an early stage company with a short operating history; and it may not actually achieve its plans, projections, or expectations. Important factors that could cause actual results to differ materially from the Company's expectations include, litigation, equipment failures, increase in operating costs, security threats including a loss/theft of intellectual property, government regulations, loss of key employees and consultants, additional funding requirements, changes in laws, technology failures, competition, and failure of counter-parties to perform their contractual obligations. Except as required by law, we undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, after the date on which the statements are made or to reflect the occurrence of unanticipated events. Neither we nor any of our representatives make any representation or warranty, express or implied, as to the accuracy, sufficiency or completeness of the information in this presentation. Neither we nor any of our representatives shall have any liability whatsoever, under contract, tort, trust or otherwise, to you or any person resulting from the use of the information in this presentation by you or any of your representatives or for omissions from the information in this presentation.

All financial information included in this document is unaudited. There is a material risk that the audited financial results will differ significantly from the unaudited financial information presented herein.

Certain information contained herein is based on, or derived from, information provided by independent third-party sources. The Company believes that such information is accurate and that the sources from which it has been obtained are reliable. The Company cannot guarantee the accuracy of such information, however, and has not independently verified the assumptions on which such information is based. The Company does not assume any responsibility for the accuracy or completeness of such information.

# COMPANY OVERVIEW

- Psyched Wellness Ltd. is a Canadian-based Life Sciences company focused on the research and development of a legal psychedelic mushroom called Amanita Muscaria.
- Psyched Wellness is focused on two distinct verticals: Health Wellness and Novel Drug Development
- Psyched is currently engaged in Pre-Clinical Trials on its proprietary extract of Amanita Muscaria, AME-1.
- Amanita Muscaria has never been classified as a scheduled drug.
- Amanita Muscaria is considered “food” and principally regulated under the Federal Drug Act and the Consumer Packaging and Labelling Act in Canada and the Federal Food, Drug, and Cosmetic Act and The Nutrition Labeling and Education Act in the U.S.
- Psyched Wellness led by a strong team including experts in all key streams for an R&D public company
- When micro-dosed, Amanita Muscaria has anecdotally been shown to soothe the body, ease physical distress and help with sleeping.

# AMANITA MUSCARIA

## FACTS VS. FICTION

- Amanita Muscaria is commonly referred to as, the fly agaric.
- Amanita Muscaria typifies the iconic image of psychogenic and hallucinogenic-inducing mushrooms both in legend and in literature.
- Mislabeled as poisonous = opportunity for those willing to do the work.
- Amanita Muscaria has been consumed by cultures worldwide for its psychedelic effects after being parboiled to reduce the potency of its major intoxicating constituents.
- The major compounds, ibotenic acid and muscimol are water-soluble, heat-stable alkaloids.
- The psychogenic properties of the plant are due to ibotenic acid and muscimol, a more potent decarboxylated version of ibotenic acid.
